

Kimochis®

Meet Cloud!

Cloud is a bit moody and unpredictable, just like the weather. When Cloud is happy, he spreads sunshine, but when you turn his head, his sad face signals that he might rain on your parade! Cloud's favorite number is 9. His favorite color is gray because there are so many shades of it—just like his personality. Cloud feels happy when all of his Kimochis® friends are together. Cloud feels sad when he's not included. Cloud feels mad when someone takes his toy.
