## Meet Cat!

Cat loves to be in charge, but she can sometimes be a little bit bossy. Now and then, her bossiness can lead to confrontation, or a “cat fight.” That’s why she comes with bandages to help heal hurt feelings.

Cat’s favorite number is 10, and her favorite color is purple. Cat feels happy when she gets to be the leader. Cat feels cranky when she can’t have her way. Cat feels curious about why her friends won’t play her way.
